

HAZARD ABATEMENT PLAN

Purpose: To document information in the Master Hazard Abatement Plan for RAC 1, 2 and 3 hazards unabated within 30 days of identification. It may also be used to track hazards abated within the 30 days.

ence: Directions to complete this form are provided in AFI 91-202, *The USAF Mishap Prevention Program, Attachment 9.*

PART I - HAZARD INFORMATION

1. Type of Hazard Occupational	2. Category Health	3. Control Number H-18-001	4. Date 2018-09-26
5. Date Hazard Discovered 2017-12-01	6. Risk Assessment Code (RAC) 3(II, C) - Moderate	7. Discovery Method Inspection	8. Exposure (Daily Average) 5
9. Description of Hazard Currently the shop does not have adequate washing facilities in place to reduce spread of Cr VI after conducting blasting operations in large booths. Upon completion of blasting operations, personnel use air hose to spray as much contaminants off PAPR/Suit as possible.			
10. Organization 403 MXS	11. Office Symbol MXMF	12. Facility Number 4301	13. Specific Location/Description Structural Maintenance Large Blasting Booth
14. Functional Manager/POC (Last, First, MI) Cantrell, Joseph I		15. Grade/Rank SMSgt/E-8	16. Duty Phone 377-7877
		17. Signature CANTRELL.JOSEPH.I.1214786172 <small>Digitally signed by CANTRELL.JOSEPH.I.1214786172 Date: 2018.11.27 10:33:53 -0600</small>	

PART II - ABATEMENT INFORMATION

18. Interim Control Measures Personnel remove outer garments and place in plastic zip lock bags to be carried to another booth for use or to the laundry facility. Only contaminated garments should be clean by the on site laundry facility.	19. Residual RAC Level 3(II, C) - Moderate
20. Description of Permanent Abatement Action An add-on to building 4302 would encompass a clean room, laundry facility, his/her bathroom and hazardous waste barrels.	

21. Method of Abatement Other	22. Project/Work Order # N/A	23. Status of Project/Work Order # In Design
24. Project Cost Unknown at this time.	25. Abatement Cost (May differ from project cost) Unknown at this time.	26. Estimated Date of Completion

PART III - FOR SAFETY / FIRE / HEALTH USE

27. Severity III	28. Probability B - Probably will occur in time	29. Multiplier III,C = 2	30. Exposure Cr VI	31. Abatement Cost	32. RAC 3
33. Cost Effectiveness Index (CEI):			34. Abatement Priority Number (APN):		

PART IV - SEMI-ANNUAL REVIEW RECORDS

35. Status of Project/Work Order	36. Comments Regarding Process	37. Date
38. Commander/Functional Manager	39. Grade/Rank	40. Duty Phone
		41. Signature
